

# Abhathi - A Research Management Platform

## INVENTION

**Abhathi** is a comprehensive solution that links online research-related systems that are customizable to conform to the research activities, procedures, outcomes, and services in existence at any educational/research institute.

## MARKET SIZE AND GROWTH

The global market for web content management platforms should grow from \$7.1 billion in 2020 to \$18.0 billion by 2025, at a compound annual growth rate (CAGR) of 20.5% for the period of 2020-2025.

## APPLICATIONS

**Abhathi** can be customized and used by research and academic institutions for:

- Data integrity and analytics
- Project management
- Research resource management
- Managing awards applications
- Committee evaluation
- Scientific council
- Subject matter experts

## ADVANTAGES

With **Abhathi** you have

- ✓ Consistent control
- ✓ Accessible data anytime
- ✓ Optimal resource utilization
- ✓ Informed decision making

## PROJECT STATUS

King Fahd University of Petroleum & Minerals (KFUPM) developed Abhathi 1.0, which is being used by Deanship of Research Oversight and Coordination since 2017. Abhathi can be accessed via <https://research.kfupm.edu.sa/>

Figure 2. Snapshot of Abhathi® 1.0, used by KFUPM as a one-stop-shop for research dashboards, comprehensive project management, research resource management, researcher profiles, subject matter experts, committee management, and other services.

## LOOKING FOR DEVELOPMENT PARTNER

KFUPM seeks an industrial partner to collaborate on developing an enhanced version (v2.0) and intensive marketing of this product.

## IP PROTECTION

KFUPM has filed US copyright for **the program**. KFUPM has also filed a US patent application 16/821134 covering this technology. KFUPM would like to talk to companies that are interested in developing and marketing this product.

## ABOUT KFUPM

KFUPM was established in year 1963 and is located in Dhahran city of Saudi Arabia. KFUPM currently ranks at 163 in QS World University Rankings 2022. KFUPM's Innovation & Technology Transfer office strives for taking innovation from lab to market place.
